REVIEW OF MARKETS

FINANCIAL AND COMMERCIAL

Stocks, Money, Exchange, Bonds, Grain, Cotton, Provisions, Rtc.

New York, Sept. 2.—The stock market was intensely dull throughout the day's short session, and not changes extend beyond fractions only in rare instances. As the bears had sold the market short in anticipation of the bank statement the evening of their contracts, when it appeared, closely conforming to estimates, created a demand, which rallied the market from earlier depression and brought prices in most cases above yesterday's level. The fact that Monday is a holiday had an effect in keeping stock exchange operations at a minimum. The report of a death from yellow feyer in New Orleans and the Texas quarantines caused weakness in the railroad stocks in the South, notably Illinois Central. Brooklyn Transit, Trennessee Coal, the Republic Steel stocks and American Tobacco led a rise before the bank statement came out. In contrast to the sudden outbreak yesterday of activity in the Vanderbilt's there was only a single sale in the first hour of North Western and of Omaha, the latter at a gain of a point. New York Central did not appear on the tape at all until the second hour. Kansas and Texas seconds became active in the late dealings, and advanced one per cent. dvanced one per cent.

vanced one per cent. The surplus reserves of the New York inks are unprecedentedly low at this rlod of the year. Even if interior markets are able to supply funds by the crops that will involve a ling of supply at a source to. New York has applied quite of late for relief. The constant frative process of the banks of ind, France and Germany for weeks past has put those great s of finance in much better poto meet an imperative demand New York for gold. But it is still bylous that only a high rate for quite obvious that only a high rate for money here would induce shipments of the gold to New York. The Government's revenues are running far ahead of last year's croping period, and the outgo is much less. Had it not been for the leaving of the deposit with the National City, Bank of \$3,000,000, paid by that bank for the old custom house and site in New York, the New York money market would likely have been seriously pinched this week.

The bond market has been quiet, and changes irregular.

changes irregular, United States new 4's advanced 1/4c. total sales of stock to-day were
